This ETEXT attachment is in response to the above referenced Request for Additional Information.
The paragraph below responds to the FEC letter dated 3/17/2010 which requested clarification
on an item.

1. The letter asked if our committee was assessed the usual and normal charge for
the goods and or services and we were asked to explain the steps the political committee took in determining the amount
charged.

Payments made by the Senate Majority Fund to the Jon Kyl for U.S. Senate committee
are based on fair market value of the service provided.

The services provided are rent of office space, rental of office equipment, and reimbursement
for telephone and internet services.

Rent of office space is based on square footage used exclusively by each committee and the frequency of use of common
areas.

Office equipment rental is based on fair market value of equipment of equivalent age on the general market, ie: a desk,
a chair,

filing cabinets, and proportional use of computer equipment, copier, and fax machine.

Reimbursement for telephone and internet is based on percentage of use by each committee. Currently,
these itmes are running at fifty/fifty for each committee. Employees of the Senate Majority Fund are paid on an hourly
basis by the

Senate Majority Fund. These payments made to Jon Kyl for U.S. Senate were the usual and normal charges for goods and
services.
